3. On 21 September, eight T-34/85 tanks  left the Fridericus Kaserne for Storbbeck. An architect, working on the barracks installation, stated that 160 to 180 tanks were stationed there, 25 percent were type JS and the rest were type T-34/85. Also, 20 to 25 armored scout cars were allegedly stationed at the installation.

- [Redacted] Comments.
- (1) [Redacted] weapons indicate that a unit of the unidentified  
[Redacted] Regt of the 12th Gds Tank Div was detained.
  - (2) The train which, [Redacted] probably  
carried units of the unidentified artillery regiment or battalion of the  
12th Gds Tank Div was dispatched for Jueterbog as was reported. [Redacted]
  - (3) The tank regiments, including the IV Tank SP Regt of the 12th Gds Tank Div,  
are carried in the Pridericus Kaserne. [Redacted] failed to count  
about 30 SP guns.
  - (4) The information indicates the possibility that, at least, elements of the 71st  
Gds IV Tank SP Regt of the 12th Gds Tank Div are quartered in the See Kaserne  
and therefore the estimated number of tanks in the Pridericus Kaserne is  
probably correct.
